

Say Hello to Universal Fast Charging

hionev.com

AS EV ADOPTION RAMPES UP

Gain New Happy Customers.
Keep Existing Customers Happy.

EV sales are on pace to break one million in the US this year.¹

Experts predict that 26.4 million electric vehicles will be on U.S. roads in 2030.²

Tesla's Model Y was America's best-selling passenger car in the 1st Quarter of 2023.³

HiON Charge locations average 46 to 50 charging sessions per week.

The estimated revenue opportunity is approximately \$1 per minute of charge time.

HiON Partners with Auto Dealers to Deliver Reliable Fast Charging Solutions

Support Your Inventory and Make Sales with Level 2 and DC Fast Chargers

- Keep electric vehicle inventory charged and ready for test drive, with the perfect mix of onsite level 2 and DC fast chargers.
- Use your onsite chargers to walk customers through the charging process and close sales.
- Take advantage of government-backed rebates and incentives to brand your store as the BEST EV dealer in your area.
- Provide workplace charging for your team as an incentive to go electric and gain first-hand experience.

HiON Handles Everything!

HiON EV partners with auto dealers nationwide, delivering start-to-finish construction services for level 2 and DC fast chargers.

- Site evaluation and charging station implementation.
- Rebate and incentive management.
- Electrical system upgrades.
- Construction & commissioning.

Working with HiON makes the EV transition easy!

- Design the perfect mix of charging solutions for your sales volume.
- Plan your infrastructure to account for future expansion.
- Start with reliable, best-in-class equipment that is easy to manage.
- Market to potential customers with charger screen ads and "free charge" promos and incentives.

If You Don't Have the Chargers, You May Not Get the Orders!

Partnering with HiON EV is a low-cost, high-profile way for your company to meet its ESG standards, while facilitating equitable access to EV charging for all

HiON is an Installer of GM-Compliant Equipment.
