AS EV ADOPTION RAMPES UP

Gain New Happy Customers.
Keep Existing Customers Happy.

EV sales are on pace to break one million in the US this year.¹

Experts predict that 26.4 million electric vehicles will be on U.S. roads in 2030.²

Tesla's Model Y was America's best-selling passenger car in the 1st Quarter of 2023.³

HiON Charge locations average 46 to 50 charging sessions per week.

The estimated revenue opportunity is approximately \$1 per minute of charge time.

The Shop and Charge Culture is Coming – Will You Be Ready?

HiON Partners with Grocery and Retail Establishments to Deliver Reliable Fast Charging Solutions with Low/No Out-of-Pocket Investment

In the coming years, millions of electric vehicles will take to US roadways, and their drivers will expect a reliable charging opportunity wherever they park. More drivers will base shopping decisions on the presence and availability of reliable EV charging. Make your location a charging destination with low/no-costs solutions from HiON.

HiON Provides

- Site evaluation and charging station implementation.
- Rebate and incentive management.
- Electrical system upgrades.
- Permits, construction & commissioning.
- Ongoing station maintenance, repairs and technology updates.

If you want to provide your customers with EV charging at your business, but you don't want to want the headache and expense of installing and maintaining the charging stations, HiON is the partner for you!

As a successful business-owner, you know a lot about taking care of your customers – but you probably don't know too much about taking care of EV charging stations. With HiON, all you need to do is provide the parking spots, and we'll take care of the rest!

Get your parking lot EV ready with HiON!

- Adding reliable EV charging to your parking lot gives you an advantage over the competition.
- Partnering with HiON ensures your charging stations are regularly maintained and updated.
- If something breaks, you'll never have to worry about repairs, ordering parts, or securing qualified technicians. Our team takes care of it all.

If You Don't Have the Chargers, You May Not Get the Customers!

Partnering with HiON is a low-cost, high-profile way for your company to meet its ESG standards, while facilitating equitable access to EV charging for all.
