

Say Hello to Universal Fast Charging

hionev.com

AS EV ADOPTION RAMPES UP

The Need for EV Charging Solutions at Healthcare Facilities is Only Going to Grow.

EV sales are on pace to break one million in the US this year.¹

Experts predict that 26.4 million electric vehicles will be on U.S. roads in 2030.²

Tesla's Model Y was America's best-selling passenger car in the 1st Quarter of 2023.³

HiON Charge locations average 46 to 50 charging sessions per week.

The estimated revenue opportunity is approximately \$1 per minute of charge time.
